Term 1 Week 6 & 7

Friday 10th March 2017

Student of the weeks

**Congratulations
Ryan!**

**Congratulations
Branden!**

PRINCIPAL'S MESSAGE

Welcome to week 7! The term is absolutely flying by! This week, Infants have been focusing on verbs in our writing and learning about the different ways in which we are able to use them to make our writing more interesting. In Geography, we have been mapping our school and labelling all of the natural and man-made features. We have been looking at ways that these two environments interact.

Attendance

Recently we looked at our attendance results so far this term with our Home School Liaison Officer. It is important that all students are attending every day as you can see from the attached chart. Any unexplained or unaccepted absences are collected by Home School Liaison at a regional level. It is essential that students are also on time in order to ensure they are given the maximum opportunity to engage with their learning.

Healthy Canteen Strategy

Last Wednesday, the Department of Education announced a revised Healthy Canteens strategy. The guidelines for canteens in schools are now very specific with a change from the old traffic light system to an overhauled 'Often and Sometimes' system. This will be taken into consideration when planning the reviewed canteen menu for next term.

On School Grounds After Hours

As discussed at the last P&C meeting, no one is allowed to be on school grounds before or after school allocated times without prior authority. If you could all please discuss this with your children it would be appreciated.

Bringing Personal Belongings to School

We have had some recent issues with students bringing their own personal belongings to school and then not wanting to share or leaving others out. It is unnecessary for students to bring extra equipment to school as we have a well-resourced sports shed and plenty of sandpit equipment. Students will be asked to leave any personal items brought to school in their bags until the end of the day.

Power Outage

Next week, we will be experiencing a power outage all day on Tuesday the 14th of March. As water to the bathrooms and wash shed will still run as normal, school will be running as normal. Because we have sky lights, the visibility in the classrooms will be adequate. I have also reviewed the forecast weather for the day and it appears to be fine.

Easter Hat Parade
Wednesday 5th April 11am.

Crazy Hair Day

Students can come to school with coloured hair, wigs, or different hair styles for crazy hair day on **Wednesday 29th March**. Prizes will be awarded for different categories. Gold coin or note donation to raise money for some soccer goals.

P&C News

The P&C Annual General Meeting will be held on Thursday 16th March at 5pm. Please come along and support the students of Mumbil Public School!

Waste 2 Art

If you have any plastic shopping bags at home that you don't want, we would love to use them for our waste 2 art project. Please send them to school with your child on Monday and we will continue on with our project.
